The Judicial Branch of Government

The judicial power shall be vested in an integrated judicial department consisting of a supreme court, such intermediate appellate courts as may be provided by law, a superior court, such courts inferior to the superior court as may be provided by law, and justice courts. Arizona Constitution, Article VI, Sec. 1

THE SUPREME COURT

The Arizona Supreme Court consists of five justices. The regular term of office is six years. The Supreme Court has administrative supervision over all the courts of the state and the Chief Justice has the authority to exercise that supervision. The jurisdiction of the Court is provided in Article VI, Section 5 of the Arizona Constitution and includes appellate jurisdiction, the issuance of extraordinary writs and the power to make rules relative to all procedural matters in any court. Decisions of the Court of Appeals may be reviewed at the discretion of the Supreme Court when a litigant files a Petition for Review.

In addition to law clerks and secretarial and clerical staff, the Court appoints the Administrative Director of the Courts, the Clerk of the Supreme Court, and a central staff of attorneys. All employees serve at the pleasure of the Court.

COURT OF APPEALS

The Court of Appeals consists of two divisions. Division One, with twelve judges, is located in Phoenix; Division Two, with three judges, sits in Tucson. The court has appellate jurisdiction to determine all matters properly appealed from the Superior Court. In criminal cases, however, where the sentence of death or life imprisonment has actually been imposed, the appeal is directly to the Arizona Supreme Court.

The geographical jurisdiction of Division One covers appeals from the Superior Court in the counties of Apache, Coconino, La Paz, Maricopa, Mohave, Navajo, Yavapai, and Yuma. In addition, Division One has statewide responsibility for reviewing decisions of the Industrial Commission and unemployment compensation appeals from the Department of Economic Security.

Division Two receives its cases from the Superior Court in the counties of Cochise, Gila, Graham, Greenlee, Pima, Pinal, and Santa Cruz.

SUPERIOR COURT

At the close of 1984, the Superior Court consisted of 91 judges sitting in 15 counties. The Superior Court is a trial court of general jurisdiction and is empowered to hear cases of equity and law which involve title to or possession of real property; civil cases where the claim for relief amounts to $2,500 or more; felony prosecutions and misdemeanors not otherwise provided for by law; probate matters; and cases involving dissolution or annulment of marriage. The Superior Court has concurrent jurisdiction with the Justice of the Peace Court over civil claims between $500 and $2,500. It also has exclusive jurisdiction in juvenile matters.

In counties with three or more Superior Court judges, the presiding judge may appoint court commissioners to perform such duties as may be provided by law or Supreme Court rules. Commissioners usually determine matters where a default has been entered against a party and may also preside at the initial appearance of a defendant charged with a crime.

Each county has a Superior Court Clerk who is elected at the general election. The responsibilities of the Clerk's office are diversified and include the maintenance of official court case files; certification of documents; collection of fees; and issuance of summonses, subpoenas, and marriage licenses. The Clerk serves as jury commissioner in all counties except Maricopa and Pima; a separate jury commissioner is appointed in these two counties.

Adult and juvenile probation departments are also operated under the supervision of the Superior Court.

JUSTICE OF THE PEACE AND MUNICIPAL COURTS

Statewide there are 84 justices of the peace sitting in the same number of precincts. These judges are elected at the general election by the voters in the precinct and their regular term of office is four years.

Municipal Courts are mandated by state law in each incorporated city or town; at the time of the 1984 personnel survey there were 75 such courts. Municipal judges are usually appointed by city or town councils.

These courts have jurisdiction to hear class 1, 2, and 3 misdemeanor cases. The justice of the peace may also conduct preliminary examinations on felony complaints. In addition, the Justice of the Peace Courts have civil jurisdiction over lawsuits involving less than $2,500. Municipal Courts are empowered to hear matters arising out of violations of city or town ordinances. Virtually all traffic violation cases are filed in the Justice of the Peace or Municipal Courts.

General Introduction

For the sixth year, detailed caseload, financial, and personnel information is presented by the Arizona Supreme Court in this separate volume, The Arizona Courts: 1984 Caseload, Financial, and Personnel Report. This report provides both statewide summary and detailed individual court unit information. Its value as a supplement to the 1984 Annual Judicial Report is to persons and agencies who are interested in or involved with budgeting, planning, and administration for the court systems within Arizona.

REPORT FORMAT

This report contains sections on: statewide summary information, appellate courts, superior court, superior court probation, justice of the peace courts, municipal courts, and court receipts. For easy reference, each court section is indicated by the appropriate heading on the upper outside corner of the page.

The following introductory sections have been included to facilitate a better understanding of the data presented herein. These general statements are intended only as an overview of the data presented. Particular attention should be paid to the narrative statements and definitions at the beginning of each section and the footnotes applicable to various statistics.

CASELOAD STATISTICS

The caseload statistics presented herein have been compiled from the monthly statistical reports submitted to the Supreme Court by the individual appellate, superior, justice of the peace, and municipal courts of the state. Virtually all caseload data reported herein is complete. Incomplete or inconsistent information, where detected, has been appropriately footnoted in the specific section where the explanation is applicable. While the statistics are checked for mathematical accuracy, they are unaudited.

Justice of the peace and municipal court criminal statistics presented in this report reflect case "filings" while superior court figures reflect the number of "defendants" charged.

FINANCIAL INFORMATION

The financial information for superior and justice courts which is published in this report is based on a survey of the courts conducted during October 1984. Supreme Court personnel have worked to obtain the most complete and accurate information possible. However, the financial data presented herein is unaudited and, therefore, is dependent on the reporting accuracy of the courts participating in the survey. An effort was made to identify all costs of court operations where the cost is directly attributable to the individual court's budget.

Financial information for the municipal courts has been taken from published budget statements compiled by the Arizona League of Cities and Towns. Only total budget dollars appropriated and expended were available; therefore, these figures are not broken down into sub-categories.

The following definitions for the categories used in this report are included to provide a better understanding of the financial information presented.

DIRECT EXPENDITURES AND APPROPRIATIONS--those funds appropriated directly to the court by the immediate funding authority (appellate courts--state legislature; superior courts, probation departments, and justice courts--counties; municipal courts--cities and towns).

Personal Services - amounts for salaries and wages for all personnel.

Fringe Benefits - amounts for employer's cost of FICA, insurance, retirement contributions, etc.

Operating Expenses - amounts for utilities, telephones, postage, insurance, rent, building maintenance, office supplies, and office equipment maintenance.

Travel and Transportation - amounts for personnel mileage, per diem, and travel.

Professional Services - amounts for court reporter costs, juries, attorney fees for indigent defendants, and mental institution charges.

Capital Expenses - amounts for purchases valued at over $100.

INDIRECT EXPENDITURES AND APPROPRIATIONS--those expenses attributable to the court but which are included in the budgets of other departments or agencies.

Fringe Benefits - amounts for employer's cost of FICA, insurance, and retirement contributions not directly budgeted to the court.

Support Services - amounts for data processing, maintenance, accounting, payroll, law library, and building repair not directly budgeted to the court.

FEDERAL FUNDS--amounts received through such sources as federal revenue sharing, Title IV child support, and other federal programs.

PERSONNEL INFORMATION

The personnel information contained in this report is based on a survey of the staffing levels of the Arizona judiciary on October 1, 1984. Because of the vast number of job titles encountered both within and between the different levels of courts, broad, general position groupings were developed to publish the information in a reportable format. Personnel definitions that detail the various types of positions included within each grouping are noted at the beginning of each trial court section and the probation section of this report.

Statewide Personnel Information

The table below reflects a statewide summary of all court personnel as of October 1, 1984. This information was reported by the individual courts in response to a personnel survey conducted by the Supreme Court. Personnel information for individual courts can be found in the appropriate section of this report.

The 1984 survey attempted to obtain the most accurate information possible regarding the staffing levels of the various courts throughout Arizona. Personnel have been identified as being full-time (F.T.) or part-time (P.T.) employees in the table below.

The superior court employs approximately 67% of the full-time and 24% of the part-time court personnel within the Arizona judiciary. The justice courts employ 12.8% and municipal courts employ 14.8% of the full-time court employees in the state. Appellate courts (Supreme Court and Court of Appeals) presently account for 5.6% of the judiciary's full-time workforce.

The total number of persons working full-time in the Arizona judicial system has increased from 2,849 in 1983 to 3,042 in 1984, a 6.8% increase.

Statewide Judicial Expenditures

The financial information shown below reflects expenditures of the Arizona judiciary as identified by the financial survey of courts for fiscal year 1983-84. The table summarizes the statewide financial figures for the various courts in Arizona. Financial information for individual court units can be found in the appropriate section of this report.

The pie charts illustrate the percentage of expenditures by funding source and by court level. The chart on the left shows the source of the funds expended by the judiciary. Counties provided 73.3% of the funds to operate Arizona's courts during 1983-84, a slight decrease from the 73.4% they provided during 1982-83. The state's contribution for funding the courts was 10.8% in 1983-84, an increase from the 10.3% contributed during the previous year. During 1983-84, federal funding provided less than 1% of the identified statewide expenditures. Local funds accounted for 15.1% of the expenditures.

The pie chart on the right shows that during fiscal year 1983-84, 68.1% of the total expenditures for courts in Arizona were for services at the superior court level. This represents a slight decrease from the previous year when the superior court accounted for 69.4% of the statewide total. Municipal courts were responsible for 15.1% of the statewide judicial expenditures and 10.4% of the total was expended for justice courts. The state's appellate courts accounted for 6.4% of the statewide expenditures which was a slight increase from the 6.2% recorded in 1982-83.

Statewide Financial Information
All Courts

The table below represents specific line item expenditures for fiscal year 1983-84 and appropriated monies for fiscal year 1984-85. Much of this data was compiled based on responses to the Supreme Court's financial survey of Arizona courts conducted in October 1984.

In order to accommodate comparisons, the statewide financial information is provided for each of the court levels comprising the Arizona judiciary. Figures for the municipal courts were obtained from the Arizona League of Cities and Towns and were available only as total expenditures and appropriations. These figures have been included in the personal services category.

It should be noted that money received by adult probation departments as probation services fees and money received by the juvenile probation departments from the Juvenile Crime Reduction Fund may be included in superior court 1983-84 expenditures but, because they are not appropriations, cannot be included in the 1984-85 appropriation figures.

During its first special session, the 36th Arizona Legislature appropriated special program funds to the Supreme Court for three programs: Probation Enhancement, Intensive Probation, and the Juvenile Delinquency Reduction Fund. These funds are shown at the level where they will be expended.

1984 CASELOAD ACTIVITY

Case filings in the Supreme Court decreased from 1,225 filings in 1983 to 1,116 filings in 1984, an 8.9% decrease. Case terminations remained virtually the same as the preceding year, decreasing only 0.5% from 1,165 terminations in 1983 to 1,159 terminations in 1984. Because of the continuing high termination rate and the decrease in filings, the number of cases pending at year-end decreased a significant 13% from 292 cases pending at the end of 1983 to 254 cases pending at the end of 1984.

The overall decrease in filings reported for 1984 was a direct result of the decline in "petitions for review" filings, which dropped from 766 in 1983 to 642 in 1984, a 16.2% decrease. One factor influencing the Court's ability to maintain a high number of case terminations was the fact that criminal case terminations increased from 43 cases in 1983 to 72 cases in 1984, a 67.4% increase. Petitions for review also reported a relatively high rate of termination, decreasing only 2.4% from 704 in 1983 to 687 in 1984.

Since 1978, the Supreme Court has had a relatively stable caseload. The only significant change in caseload during the last seven years was a large increase in criminal filings during 1983.

FINANCIAL INFORMATION

Financial administration of the Supreme Court's operating budget is the responsibility of the Administrative Office of the Courts. In addition, the Administrative Office fiscally administers funds for: One-half of all superior court judges' salaries and related costs; Medical Liability Review Panels; The Commissions on Appellate and Trial Court Appointments; The Commission on Judicial Qualifications; Family Counseling Programs; The State Aid for Probation Services Program; Foster Care Review Boards; Judicial Education; Judicial Assistance Requirements; The Juvenile Crime Reduction Fund; The Juvenile Delinquency Reduction Fund; Probation Enhancement; and Intensive Probation Supervision.

Court of Appeals - Division One

1984 CASELOAD ACTIVITY

During 1984, the recent trend of increased filing activity in Division One continued with case filings rising 6.7% from 1,784 in 1983 to 1,904 filings in 1984. The court responded with a record number of case terminations in 1984, increasing from the previous record of 1,833 terminations in 1983 to 1,907 terminations in 1984, a 4% increase.

After a physical case inventory, the beginning pending figures for 1984 were revised from those reported as ending pending in the 1983 Annual Judicial Report. As shown in the chart below, the court had 1,909 cases pending as of January 1, 1984. During the year, the court was able to decrease that pending total by three cases, finishing the year with 1,906 cases pending.

FILINGS -- Most case categories recorded increases in filings during the year. Post-conviction relief filings increased 17.1% and industrial commission appeals increased 17.3% over the previous year. Criminal filings increased from 805 in 1983 to 858 in 1984, a 6.6% increase. Civil appeals increased from 553 filings in 1983 to 605 filings in 1984, a 9.4% increase.

TERMINATIONS -- During 1984, the court was able to increase the number of criminal case terminations from 797 in 1983 to 848, a 6.4% increase. The court also significantly increased the number of juvenile case terminations, rising from 30 terminations in 1983 to 55 in 1984, an 83.3% increase.

PENDING -- Accompanying the increase in terminations was a decrease in the year-end pending caseload in several case categories. For example, juvenile cases decreased from 44 pending cases in 1983 to 26 pending cases at the end of 1984. Civil cases also declined, going from 877 pending January 1, 1984 to 866 pending at the end of 1984.

***Four cases were transferred to the Supreme Court; six cases represent statistical corrections.

As shown in the bar chart, the court has recorded almost continuous increases in filings, terminations, and pending matters during the past 10 years. The most significant increase in terminations occurred in 1983 after the addition of the court's fourth panel of judges, which allowed the court to stabilize its pending caseload count in 1984.

Court of Appeals - Division Two

1984 CASELOAD ACTIVITY

Division Two recorded a significant increase in filings during 1984, growing 15.1% from 781 filings in 1983 to 899 filings in 1984. Along with this large increase in filings, a year-end pending increase was recorded. At the end of 1983, 502 cases remained pending versus 651 cases pending at the end of 1984, a 29.7% increase. Terminations increased from 706 in 1983 to a record 750 in 1984, a 6.2% increase. Division Two has maintained a consistently high rate of case termination activity over the years. This termination count will be significantly assisted starting February 1, 1985, when a second panel of three judges will be added to Division Two.

FILINGS -- The court reported a 113.9% increase in post-conviction relief petitions, growing from 36 in 1983 to 77 in 1984. The court also recorded a 15.8% increase in civil filings, rising from 228 in 1983 to 264 in 1984. Juvenile filings showed a 120% increase, from 10 to 22 case filings.

TERMINATIONS -- The court responded to the increase in filings with a 6.2% increase in case closures. Terminations of post-conviction relief petitions increased 53.1%, from 32 in 1983 to 49 in 1984. Criminal case terminations also increased in 1984, rising from 299 in 1983 to 310 in 1984, a 3.7% increase.

PENDING -- As mentioned previously, year-end pending figures increased significantly due to the large increase in filings during 1984. The number of civil cases pending increased from 135 to 195, a 44.4% increase. The criminal year-end pending caseload also increased, rising from 330 pending cases at the end of 1983 to 383 pending at the end of 1984, a 16.1% increase.

Superior Court

INTRODUCTION

The caseload statistics contained on the following pages are based on unaudited case activity data reported monthly by the superior court in each county to the Arizona Supreme Court. Criminal statistics represent the number of defendants; all other statistics represent cases.

In January 1984, superior court statistical reporting forms and instructions were revised to simplify reporting procedures where possible and gather more complete information where appropriate, e.g., sentencing information was expanded. Unless otherwise noted, these revisions do not affect this report's comparison of 1984 statistics with those of previous years.

As a result of the data collection revisions, the first since 1978, the charts used in this report have been redesigned. Many of the charts now show a category called "statistical correction", which is used to report statistical adjustments to correct discovered inaccuracies. In the past, statistical corrections were included in the "transfer in" and "transfer out" categories, along with figures representing the actual transfer of cases (defendants in criminal cases) between courts. The "transfer in" and "transfer out" categories now represent only those cases/defendants actually transferred within the superior court system and instances where a motion for new trial has been granted or a remand from an appellate court has been ordered. On the new charts, if a field is not applicable to a particular category, it is left blank.

In previous annual reports the "total termination" figure included the number of cases transferred out to another court. Beginning with this report, there will no longer be a "total terminations" category listed. Although cases transferred out will continue to be shown and subtracted from the pending caseload, they will not be included in analysis of cases terminated by judgment or dismissal. Where 1984 termination figures are compared with those of previous years, the number of cases transferred out has been subtracted from the previous years' figures for a more accurate comparison.

Both the superior court and the superior court probation department in each county report statistics on the disposition of convicted criminal case defendants. These two sets of figures do not coincide. Some of the variance is related to the fact that the probation department only keeps sentencing statistics on those individuals who are referred to the probation department prior to sentencing. Since not all defendants who are sentenced by the superior court are referred to the probation department prior to sentencing, the number of offenders actually sentenced is greater than the number reported by the probation department. Only the probation departments report sentences for defendants whose probation has been revoked; these are considered post-adjudication actions at the superior court.

The Maricopa County figure includes adoption and juvenile dependency cases not previously reported; the changes for Apache and Gila Counties represent statistical corrections by the Administrative Office.

1984 CASELOAD ACTIVITY

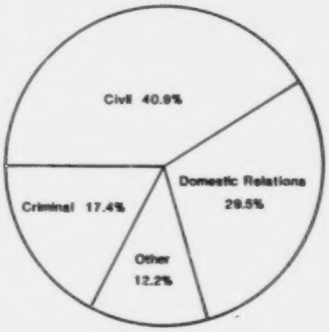
In 1984, the superior court reported a 3.2% increase in total filings, rising from 96,426 cases in 1983 to 99,533 in 1984. Terminations also increased in 1984, rising from 93,580 to 95,328, an increase of 1.9%. The year-end pending caseload increased 3.4%, rising from 103,231 cases pending at the end of 1983 to 106,737 at the end of 1984. As illustrated in the bar graphs, filings have risen marginally (0.1%) since 1980, and terminations have also increased slightly, 2.0%. The year-end pending figure has increased significantly, 12.8%, since 1980.

FILINGS - Several notable increases occurred in the superior court caseload between 1983 and 1984. Total criminal filings increased 4.4%, rising from 16,600 to 17,335. Felony filings reported an increase of 4.8%, rising from 14,519 to 15,221. Civil case filings increased 7.7% to their current level of 40,713 cases. Domestic relations cases, including those for reciprocal support, showed the largest decrease in filings, falling from 31,486 in 1983 to 29,337, a decrease of 6.8%.

TERMINATIONS - The total number of superior court case terminations rose 1.9% from 1983 to 1984. Criminal case closures rose slightly from 15,807 to 15,948, an increase of 0.9%. The largest increase in terminations was in the area of probate cases, which rose from 7,087 to 7,849, an increase of 10.8%. Civil case terminations fell slightly, 2.4%, decreasing from 38,617 to 37,687. Domestic relations cases stayed approximately the same, increasing 0.8%.

CASELOAD DISTRIBUTION - The superior court handles a widely diverse caseload each year; the pie chart illustrates the 1984 caseload distribution. Civil cases accounted for 40.9% of the total superior court filings. The second largest case category, domestic relations, constituted 29.5% of superior court filings. Criminal cases represented 17.4% of the caseload, and the remaining types of cases comprised the final 12.2% of the case filings for the superior court.

Superior Court Filings
1984



SENTENCING - During 1984, there was a decrease in the number of sentences of incarceration at the Department of Corrections and county jails. Sentences to the Department of Corrections decreased 2.1% from 3,177 to 3,109. Sentences to county jails declined more dramatically, falling from 552 in 1983 to 400 in 1984, a decrease of 27.5%. On the other hand, there was an increase in the number of cases where some period of incarceration was included with the terms of probation. Sentences of probation with incarceration rose 7.5% from 2,802 in 1983 to 3,013 in 1984. By contrast, sentences of probation without confinement fell slightly from 4,508 in 1983 to 4,467 in 1984, a decrease of 0.9%.

Caseload Statistical Definitions

The following definitions are included to afford the reader a better understanding of what the statistical data reported on the following pages represents. Civil, domestic relations, and all other non-criminal statistics reflect the number of cases. Criminal statistics reflect the number of defendants named in complaints, informations, and/or indictments.

Case Categories

FELONY - Defendants in criminal cases who are charged with a felony offense. Criminal statistics for superior court represent a count of defendants, not cases.

MISDEMEANOR - Defendants in criminal cases who are charged with a misdemeanor offense.

UNCLASSIFIED - Defendants in criminal cases who are charged with offenses that do not come under any of the other criminal case categories listed, e.g., peace bond complaints.

CIVIL - Tort Motor Vehicle, Tort Non-Motor, Medical Malpractice, Contract, Eminent Domain, Lower Court Civil Appeals, and Non-Classified Civil cases.

DOMESTIC RELATIONS - Paternity, Maternity, Dissolution, Annulment, Legal Separation, County Attorney Petitions to Establish Support, Reciprocal Support, and other custody proceedings.

PROBATE - Estate Probate, Trust Administration, Guardianship, and Conservatorship cases.

ADOPTION - Petitions for the adoption of a minor.

JUVENILE DEPENDENCY - Petitions to declare a juvenile to be a dependent or neglected child.

LOWER COURT APPEALS - The number of civil traffic cases appealed and the number of defendants in misdemeanor criminal cases who appeal a decision rendered in a city court or a justice of the peace court.

Case Activity

TRANSFERRED IN - The number of cases (defendants in criminal cases) transferred in from another court. Cases in which a motion for new trial has been granted or a remand from an appellate court has been ordered are included in this category.

TRANSFERRED OUT - The number of cases (defendants in criminal cases) transferred out to another court.

STATISTICAL CORRECTION - The number of cases (defendants in criminal cases) added or subtracted in order to correct statistical inaccuracies.

Proceedings

COURT TRIAL - The number of trials without a jury in which at least one witness has been sworn.

JURY TRIAL - The number of trials in which voir dire has commenced.

DEFAULT HEARING - A hearing in which one party has failed to enter an appearance, and the issues are decided without that party. Uncontested hearings are also counted here.

MEDICAL MALPRACTICE PANELS - The number of medical liability review panels commenced during the year.

DOMESTIC VIOLENCE - Actions commenced under the domestic violence statutes (A.R.S. § 13-3601 et seq.)

ORDER TO SHOW CAUSE (OSC) HEARING - "Contempt" hearings; hearings for temporary support, custody, restraining orders, and preliminary injunctions; and other pre- and post-judgment orders to show cause.

ARBITRATION - Activity in civil cases submitted to arbitration pursuant to Arizona Revised Statutes § 12-133.

FINANCIAL INFORMATION

The financial information contained in this section of the report is based on the results of a detailed survey obtained from the superior court in each county. Statewide superior court summary information is contained in four tables that appear on the following pages. The tables separate actual expenditures made during fiscal year 1983-84 from the budgeted amounts appropriated for fiscal year 1984-85 for both the court and the clerk of court. Financial information for the probation department of the superior court appears in the probation section of this report.

PERSONNEL INFORMATION

The personnel information presented here is based on responses to a personnel survey conducted by the Arizona Supreme Court in the fall, 1984. As a result of the variety and number of job titles encountered in compiling this information, the following general position groupings were developed for all superior court and clerk of court positions. (Personnel information for those individuals whose positions are funded through the probation department's budget is included in the superior court probation section of this report.)

Superior Court Probation

INTRODUCTION

The information contained in this section of the report is based on unaudited, monthly statistical reports submitted by superior court probation departments to the Arizona Supreme Court.

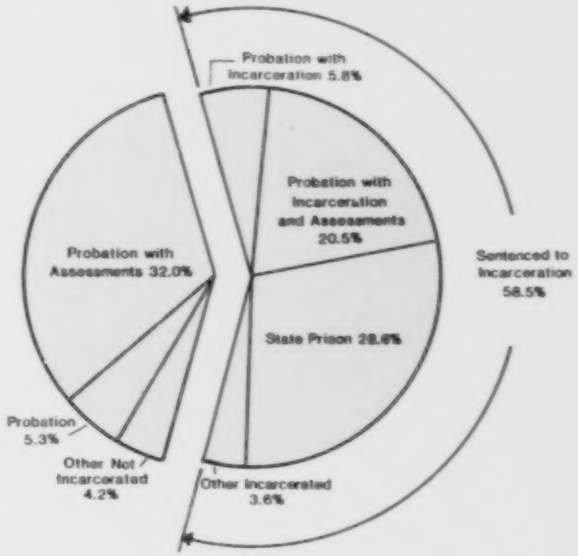
Sentencing statistics are provided to the Supreme Court by both the probation department and the superior court in each county. These two sets of figures do not coincide. Some of the variance is related to the fact that the probation departments keep sentencing statistics only on those individuals who are referred to the probation department prior to sentencing. Since not all the defendants who are sentenced by the superior court are referred to the probation department, the number of offenders actually sentenced is greater than the number reported in the probation department statistics.

ADULT PROBATION ACTIVITY

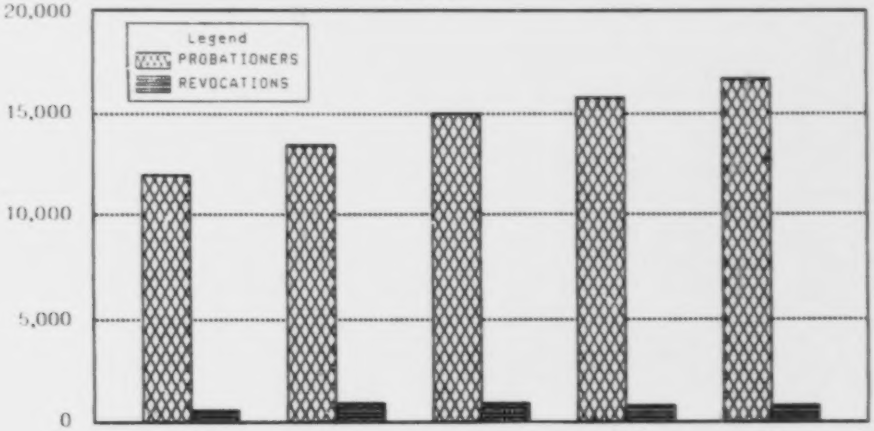
There were 6,289 new probationers added to the adult probation department caseload during 1984, a 1.1% increase over the 6,223 probationers added in 1983. A total of 2,408 probationers completed their full term of probation during 1984 as compared with 2,007 in 1983; however, the number of probationers receiving an early termination from probation dropped from 2,646 to 2,222 during the same period. Probation was revoked for 729 individuals; that is 4.3% fewer than the 762 revocations recorded in 1983. The bar chart illustrates how low the number of individuals who have their probation revoked actually is in comparison to the number on probation. The total number of persons on probation at the end of 1984 increased 5.9% over the number for the previous year, 16,687 in 1984 versus 15,757 in 1983.

Of the 9,787 adults referred to probation departments prior to sentencing, 58.5% (5,726) received some form of incarceration as a part of their sentence. This figure represents an increase over the 1983 figure when 56.3% received some form of incarceration in their sentence. The pie chart provides further detail regarding the sentences imposed.

Sentences of Adults Referred to Probation Departments Prior to Sentencing



Adults on Probation and Revoked from Probation 1980-1984

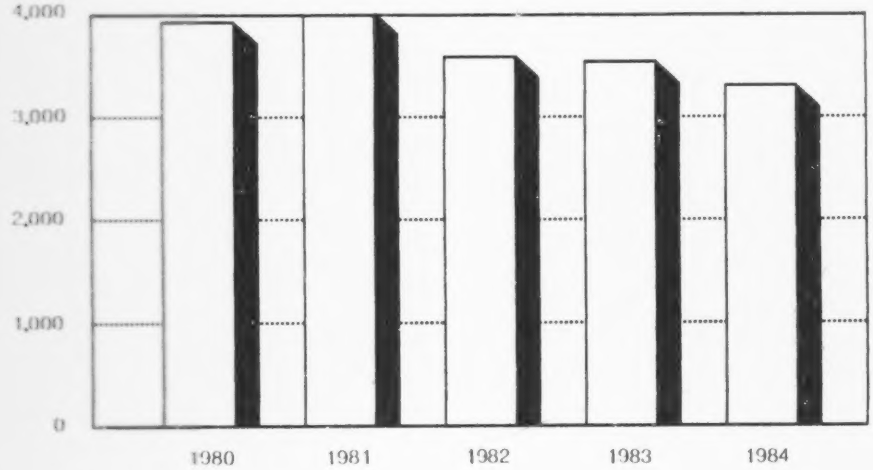


JUVENILE PROBATION ACTIVITY

REFERRALS -- During 1984, juvenile probation departments handled 36,366 referrals. Of these, 32,789 represent new referrals filed during the year; this is a 6.6% decrease from the 35,119 filings during 1983; the remaining referrals were pending at the beginning of the year. The juvenile referral bar chart reflects the decrease in referrals over the last few years.

Although the number of referrals decreased in 1984, the number of cases in which a petition was filed increased. In 1983 there were 10,443 petitions filed with the juvenile courts, and in 1984 this figure rose 4.1% to 10,874. Referrals ending in adjustments decreased a significant 18.4% from 23,040 in 1983 to 18,790 in 1984. The number of referrals pending at the end of the year, 4,658, represents a 30% increase over the 3,577 referrals pending January 1, 1984.

Juvenile Referrals 1980-1984

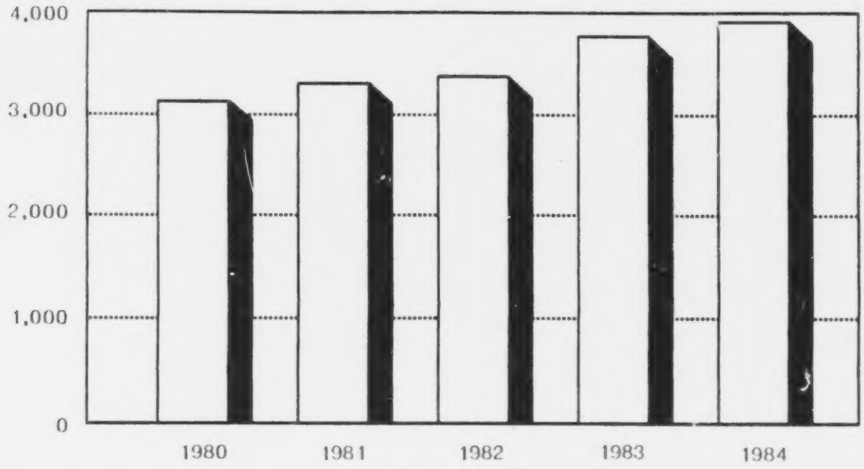


CHILDREN WITH PETITIONS -- The number of children with petitions filed during 1984 increased 8.6% from 8,489 in 1983 to 9,217 in 1984. In addition, there were 2,096 children with petitions pending on January 1, 1984. Of the 11,313 children with petitions pending during the year, 6,741 were adjudicated delinquent or incorrigible, a 4.3% increase over the 6,460 children adjudicated delinquent or incorrigible in 1983. At the end of 1984, there were 2,803 children with petitions pending, a 33.7% increase over the 2,096 children with petitions pending in the juvenile court on January 1, 1984.

PROBATION ACTIVITY -- A total of 3,911 children were placed on probation during the year, a 3.9% increase over the 3,765 children placed on probation in 1983. As shown in the bar chart entitled "Juveniles Placed on Probation," this increase continued the trend of the last several years. A 17.5% increase was reported for children who had their probation revoked and were sentenced to the Department of Corrections during 1984 (570 in 1984 versus 485 in 1983). At the end of 1984 a total of 4,247 children were on probation, an increase of 5.7% from the 4,019 on probation on January 1, 1984.

REASON REFERRED -- As in previous years, the majority of new juvenile referrals involved crimes against property. In 1984, a total of 16,003 juvenile referrals involved crimes against property, 48.8%. In comparison, the next highest figure is for public peace offenses, which constitute 20.6% or 6,755 referrals. Incorrigible petitions (4,376, 13.3%), crimes against persons (3,023, 9.2%), and illegal goods or services (2,632, 8.1%) represent the remainder of the types of referrals received by the juvenile justice system in 1984.

Juveniles Placed on Probation 1980-1984



NEW PROBATION PROGRAMS

During the First Special Session of the Thirty-Sixth Arizona Legislature, three major probation-related bills were passed and signed into law by Governor Bruce Babbitt. One of the bills created the Juvenile Delinquency Reduction Fund, A.R.S. § 8-230.02, making funds available to juvenile courts when the presiding juvenile court judge submits to the Supreme Court a proposal for expenditure of the funds. Statute requires that the funds be used for programs in which juvenile offenders are required to participate "as a condition precedent to adjustment of a delinquency complaint pursuant to § 8-230.01." Monies from this fund became available for distribution July 1, 1984. Another bill created an "intensive probation" program for certain adults convicted of class 4, 5, or 6 felonies and others who violate their probation or parole by commission of a technical violation that is not chargeable or indictable as a criminal offense. Administrative requirements for such programs are being developed by the Supreme Court and the programs should begin after July 1, 1985. The third bill provided additional funds for hiring adult probation officers to assist departments in complying with the caseload standard prescribed in A.R.S. § 12-251.

FINANCIAL INFORMATION

The financial information contained in this section of the report is based on the results of a detailed survey obtained from the superior court in each county. Statewide superior court probation department financial information is presented in four tables that appear on the following pages. The tables separate actual expenditures made during fiscal year 1983-84 from the budgeted amounts appropriated for fiscal year 1984-85 for both adult and juvenile probation departments. It should be noted that money received by adult probation departments as probation services fees and money received by juvenile probation departments from the Juvenile Crime Reduction Fund may be included in department expenditures but, because of their nature, cannot be included in the appropriation figures.

PERSONNEL INFORMATION

The personnel information presented in this section of the report is based on responses to a personnel survey conducted by the Arizona Supreme Court in the fall, 1984. As a result of the variety and number of job titles encountered in compiling this information, the following general position groupings were developed. (Additional personnel information for the superior court can be found in the Superior Court section of this report. Positions are shown on the chart for the department which budgets the individual's salary. For example, juvenile court judges are paid from the superior court budget, but juvenile court referees are usually paid from the juvenile probation budget.)

The following listings detail what positions are included in each grouping.

Justice of the Peace Courts

CASELOAD STATISTICS

General

The 1984 caseload statistics contained in this section of the report are based on the unaudited monthly statistical reports submitted to the Arizona Supreme Court by each justice of the peace court.

In 1984, there was a major change in the law affecting limited jurisdiction courts. Beginning on January 1, 1984, most traffic violations, which were previously criminal misdemeanors, were decriminalized and became civil traffic violations. Several of the more serious traffic offenses remain criminal offenses, e.g., driving while intoxicated, reckless driving, and excessive speed.

As a result of this change in the law, the monthly statistical report forms used by the courts were revised; the charts used in this report have also been redesigned. One of the chart changes is the inclusion of a column entitled "Statistical Correction," which is used to report statistical adjustments to correct discovered inaccuracies. In the past, statistical corrections were included in the "transfer in" and "transfer out" categories, along with figures representing the actual transfer of cases between courts. The "transfer in" and "transfer out" categories now represent only those cases actually transferred within the court system.

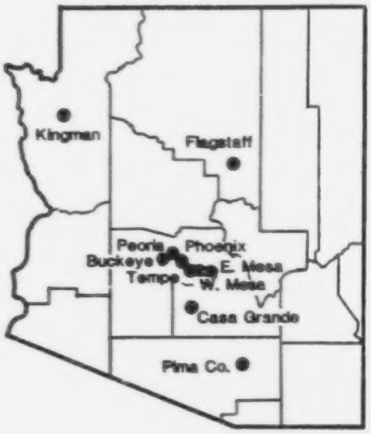
In previous annual reports, there was also a "total terminations" figure that included the number of cases transferred out to another court. Beginning with this report, there will no longer be a "total terminations" category listed. Although cases transferred out will continue to be shown and subtracted from the pending caseload, they will not be included in the analysis of cases terminated by judgment or dismissal. Where 1984 termination figures are compared with those of a previous year, the number of cases transferred out has been subtracted from the previous year's figure for a more accurate comparison.

1984 Caseload Activity

The number of case filings in justice courts for 1984 declined 9.0% from the 1983 figure. Filings numbered 516,802 in 1983 and 470,034 in 1984. Case terminations showed a similar decline falling from 495,820 in 1983 to 451,637 in 1984, a decrease of 8.9%. The total number of cases pending at the end of the year increased 3.6%, rising from 314,240 in 1983 to 325,618 in 1984.

FILINGS -- Traffic cases constitute the majority of the justice courts' workload. During 1984, the number of traffic filings declined 15.4%, falling from 402,550 in 1983 to 340,471 in 1984. Within the traffic category, driving while intoxicated (DWI) case filings dropped from 15,522 in 1983 to 14,930 in 1984, a decrease of 3.8%.

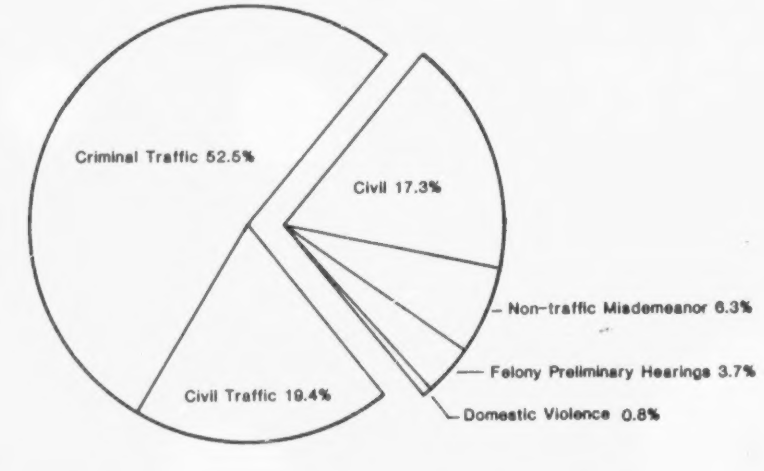
In contrast to the traffic filings decrease, misdemeanor, civil, and felony preliminary hearing case filings each increased in 1984. Non-traffic misdemeanor filings rose from 26,070 to 29,937, an increase of 14.8%. Filings in civil cases rose 13.5% from 72,267 in 1983 to 81,996 in 1984. Felony preliminary hearing filings rose from 15,915 in 1983 to 17,630 in 1984, an increase of 10.8%. And, finally, domestic violence petitions increased 19.3%, rising from 3,105 to 3,703.



This map identifies the ten justice court precincts with the highest number of total filings during 1984.

As shown in the pie chart, the vast majority of justice court filings in 1984 were traffic-related. Since 1984 was the first year during which Arizona had civil traffic violations, it is appropriate to note the proportion of civil and criminal traffic violations filings. In the justice courts 52.5% of all filings were criminal traffic complaints. Civil traffic cases comprised 19.4% of the total filings. Thus, traffic cases represent 71.9% of the total filings. In contrast, at the municipal court level a larger proportion of the filings were civil traffic violations, 61.4%, than were criminal traffic, 24.7%. Civil cases comprised 17.3% of the 1984 justice court filings, while non-traffic misdemeanor cases accounted for 6.3% of the filings. Felony preliminary hearings accounted for 3.7% of the caseload, and domestic violence filings made up the remaining 0.8%.

Justice of the Peace Court Filings



TERMINATIONS -- As was mentioned earlier, total terminations declined 8.9% in 1984. The most dramatic decreases were in the area of traffic cases. In 1984, total traffic terminations declined 13.9%, falling from 388,198 to 334,285. Within the traffic category, DWI terminations decreased from 14,664 in 1983 to 13,135 in 1984, a decline of 10.4%. However, civil case terminations increased 17.4% in 1984, rising from 64,616 to 75,869.

Caseload Statistical Definitions

The following definitions are included to provide the reader with a better understanding of what the caseload statistical data on the following pages represents. For all case categories, the statistical data reflects the number of case filings for the year.

Case Categories

CRIMINAL TRAFFIC - Major traffic violations contained in Title 28 of the Arizona Revised Statutes including driving while intoxicated, reckless driving, and other serious moving violations. Also includes all violations of Arizona Corporation Commission Motor Carrier Rules and Regulations and the "Motor Vehicle Financial Responsibility" statutes.

TRAFFIC FTA - An additional charge resulting from a defendant's failure to appear at a scheduled criminal traffic proceeding. (Failing to appear at a civil traffic hearing results in a default judgment being entered and is not included here.)

CIVIL TRAFFIC - Minor traffic violations contained in Title 28 of the Arizona Revised Statutes, including parking offenses, equipment offenses, and a number of minor moving offenses that have been designated as civil traffic violations.

NON-TRAFFIC MISDEMEANOR - All non-traffic misdemeanor violations, i.e., those where the law provides for punishment that does not exceed six months incarceration and/or a fine of $1,000.

MISDEMEANOR FTA - An additional charge resulting from the defendant's failure to appear at a scheduled hearing for a non-traffic misdemeanor offense.

FELONY PRELIMINARY HEARING - A hearing to determine whether the defendant should be held for trial in the superior court on a felony complaint.

SMALL CLAIMS AND UNDER $500 - Civil lawsuits filed under the small claims procedure and those in which the damages sought are less than $500.

$500 TO $2,499 - Lawsuits in which the claim is for at least $500, but less than $2,500.

FORCIBLE DETAINER - Lawsuits for recovery of leased or rented property where the rental value does not exceed $750 per month, and the damages sought are less than $2,500.

Case Activity

TRANSFERRED IN - The number of cases transferred in from other courts.

TRANSFERRED OUT - The number of cases transferred out to other courts.

STATISTICAL CORRECTION - The number of cases added or subtracted in order to correct statistical inaccuracies.

Proceedings

JURY TRIAL - The number of trials commenced in which a jury was sworn.

CIVIL HEARING - Traffic violation hearings held under the Rules of Procedure in Civil Traffic Violations Cases.

INITIAL APPEARANCE HEARING - The first court proceeding with the defendant present. The purposes are to inform the defendant of the charges and his rights and to determine the conditions of release, if any.

DOMESTIC VIOLENCE HEARING - A hearing held to revoke or modify a domestic violence order of protection.

SMALL CLAIMS HEARING - A hearing commenced under the procedures for small claims division cases; such claims cannot exceed $500.

FINANCIAL INFORMATION

The financial information contained in this section of the report is based on the results of a detailed financial survey obtained from the justice courts. Actual expenditures made during fiscal year 1983-84 are presented separately from the budgets appropriated for the courts for fiscal year 1984-85.

Included in the General Introduction on page 5 is a brief explanation related to the overall financial information contained in the report and definitions as to what the financial categories presented include.

PERSONNEL INFORMATION

The personnel information presented here is based on responses to a personnel survey conducted by the Arizona Supreme Court in the fall, 1984. Due to the vast number and variety of position titles that exist within the justice of the peace courts statewide, the following general position groupings have been established for purposes of this report:

Judge
Constable
Administrative Staff
Support Staff
Secretary/Clerical

Since little, if any, statewide uniformity appears to exist in regard to position titles and corresponding work-related responsibilities, for purposes of this report, positions have been grouped together solely on the basis of position titles. The following lists detail the position titles included under each general heading.

CASELOAD STATISTICS

General

The caseload statistics contained in this section of the annual report are based on the unaudited, monthly statistical reports submitted to the Arizona Supreme Court by the individual municipal courts.

In 1984, there was a major change in the law affecting limited jurisdiction courts. Beginning on January 1, 1984, most traffic violations, which were previously criminal misdemeanors, were decriminalized and became civil traffic violations. Several of the more serious traffic offenses remain criminal offenses, e.g., driving while intoxicated, reckless driving, and excessive speed.

As a result of this change in the law, the monthly statistical report forms used by the courts were revised, and the charts used in this report have been redesigned. One of the chart changes is the inclusion of a column entitled "Statistical Correction", which is used to report statistical adjustments to correct discovered inaccuracies. In the past, statistical corrections were included in the "transfer in" and "transfer out" categories, along with figures representing the actual transfer of cases between courts. The "transfer in" and "transfer out" categories now represent only those cases actually transferred within the court system.

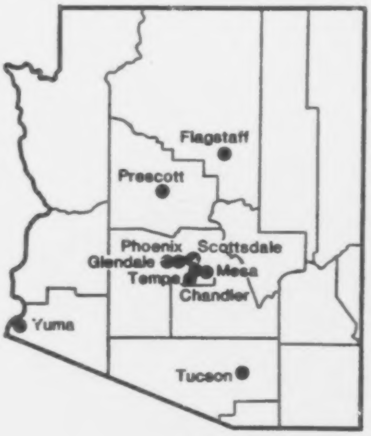
Also in previous annual reports, there was a "total terminations" figure that included the number of cases transferred out to another court. Beginning with this report, there will no longer be a "total terminations" category listed. Although cases transferred out will continue to be shown and subtracted from the pending caseload, they will not be included in the analysis of cases terminated by judgment or dismissal. Where 1984 termination figures are compared with those of previous years, the number of cases transferred out has been subtracted from the previous year's figure for a more accurate comparison.

1984 Caseload Activity

During 1984, the municipal courts had 775,225 new cases filed, an increase of only 0.4%. However, the courts were able to increase the number of cases closed by 18.2% to 779,792 cases. As a result of these two occurrences, the municipal courts were able to decrease their pending caseload by 1.8% from 518,010 cases pending January 1, 1984 to 508,569 cases on December 31, 1984.

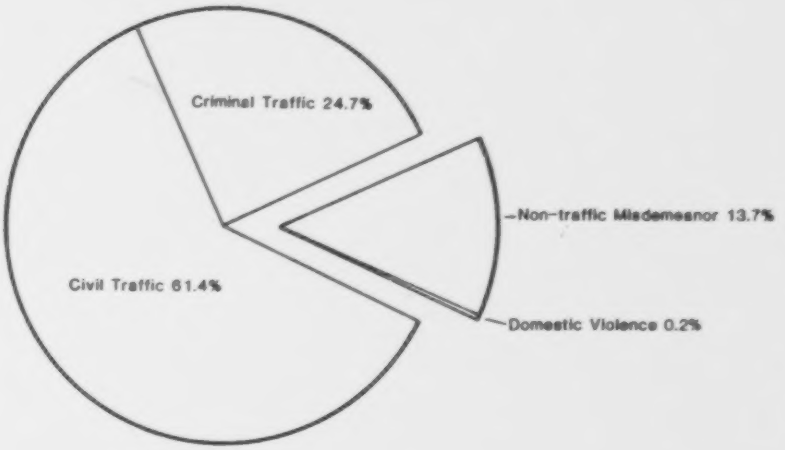
FILINGS -- Total case filings for the municipal courts remained approximately the same for 1984 increasing only 0.4% to 775,225 from the 1983 level of 772,126. Traffic filings, which constitute the majority of the municipal court caseload, increased 1.7%, rising from 657,284 to 668,770. Within the category of traffic cases, driving while intoxicated (DWI) filings increased from 38,921 in 1983 to 40,332 in 1984, an increase of 3.6%. Non-traffic misdemeanor filings decreased, falling from 114,842 to 106,455, a decline of 7.3%. Domestic violence filings increased by 31.2% during the year, rising from 893 to 1,172 in 1984.

This map identifies the ten municipal courts with the highest number of total filings during 1984.



As shown in the pie chart, traffic cases make up 86.1% of the municipal court case filings. Since 1984 was the first year during which Arizona had civil traffic violations, it is appropriate to look at the proportion of civil versus criminal traffic violation filings. In the municipal courts civil traffic filings accounted for 61.4% of all filings. This is quite different from the situation in justice courts where civil traffic filings accounted for a much smaller portion of the total caseload, 19.4%. Criminal traffic filings in the municipal courts made up only 24.7% of the total filings. Non-traffic misdemeanor cases accounted for 13.7% of case filings and 0.2% were domestic violence petitions.

Municipal Court Filings



TERMINATIONS -- Case terminations at the municipal court level increased significantly, rising 18.2% from 659,676 in 1983 to 779,792 in 1984. Traffic case terminations increased most dramatically, rising from 570,354 to 684,488, an increase of 20.0%. Within this category, DWI terminations increased slightly, 0.05%, rising from 31,316 to 31,482.

Caseload Statistical Definitions

The following definitions are included to provide the reader with a better understanding of what the caseload statistical data on the following pages represents. For all case categories, the statistical data reflects the number of case filings for the year.

Case Categories

CRIMINAL TRAFFIC - Major traffic violations contained in Title 28 of the Arizona Revised Statutes including driving while intoxicated, reckless driving, and other serious moving violations. Also includes all violations of Arizona Corporation Commission Motor Carrier Rules and Regulations and the "Motor Vehicle Financial Responsibility" statutes.

TRAFFIC FTA - An additional charge resulting from a defendant's failure to appear at a scheduled criminal traffic proceeding. (Failing to appear at a civil traffic hearing results in a default judgment being entered and is not included here.)

CIVIL TRAFFIC - Minor traffic violations contained in Title 28 of the Arizona Revised Statutes, including parking offenses, equipment offenses, and a number of minor moving offenses that have been designated as civil traffic violations.

NON-TRAFFIC MISDEMEANOR - All non-traffic misdemeanors, i.e., those where the law provides for punishment that does not exceed six months incarceration and/or a fine of $1,000.

MISDEMEANOR FTA - An additional charge resulting from the defendant's failure to appear at a scheduled hearing for a non-traffic misdemeanor offense.

Case Activity

TRANSFERRED IN - The number of cases transferred in from other courts.

TRANSFERRED OUT - The number of cases transferred out to other courts.

STATISTICAL CORRECTION - The number of cases added or subtracted in order to correct statistical inaccuracies.

Proceedings

COURT TRIAL - The number of trials commenced without a jury.

JURY TRIAL - The number of trials commenced in which a jury was sworn.

CIVIL HEARING - Traffic violation hearings held under the Rules of Procedure in Civil Traffic Violations Cases.

INITIAL APPEARANCE HEARING - The first court proceeding with the defendant present. The purposes are to inform the defendant of the charges and his rights, and to determine the conditions of release, if any.

DOMESTIC VIOLENCE HEARING - Hearings held to revoke or modify a domestic violence order of protection.

FINANCIAL INFORMATION

The municipal courts' financial information has been taken from published budget statements compiled by the Arizona League of Cities and Towns. Only total budget figures were available.

PERSONNEL INFORMATION

The personnel information presented here is based on responses to a personnel survey conducted by the Arizona Supreme Court in the fall, 1984. Due to the vast number and variety of position titles that exist within the municipal courts statewide, the following general position groupings have been established for purposes of this report:

Judge
Administrative Staff
Support Staff
Secretary/Clerical

Since little, if any, statewide uniformity appears to exist in regard to position titles and corresponding work-related responsibilities, for purposes of this report, positions have been grouped together solely on the basis of position titles. The following lists detail what positions are included in each grouping.

Court Receipts

The following section lists the total amount of fines, fees, forfeitures and surcharges reported as collected by the various courts throughout the state of Arizona during fiscal year 1983-84. The amounts reported are unaudited.

Appellate court revenues consist primarily of filing fees. Fees are collected by the Supreme Court pursuant to Arizona Revised Statutes §12-321 and §12-120.32 and by the Court of Appeals pursuant to A.R.S. §12-120.31. The Supreme Court also collects fees as authorized under A.R.S. §12-323 for certificates of admission to the State Bar and for certified copies of records.

The Superior Court is authorized under A.R.S. §§12-311 through -313 to assess various fees for civil actions taken, and pursuant to A.R.S. §§13-801 to -804 to collect criminal fines imposed by the courts. The clerk of the superior court is charged in A.R.S. §11-554 with the duty of collecting fees for court and court-related actions (marriage licenses, filing of papers, etc.). Additionally, A.R.S. §§25-303 and -311.01 charge the clerk with the collection of fees for annulment and dissolution of marriage filings, and A.R.S. § 22-283 provides for fees for civil appeals from justice courts. In several counties the probation department collects graduated fines and probation services fees and submits such amounts to the clerk of the superior court. In 1983, the Legislature increased or established fees in the following sections of the statutes: A.R.S. §§25-303, 25-311.01, 28-1076, and 36-2219. Monies from the latter are used to support the Emergency Medical Services Operating Fund.

Since January 1, 1984, Arizona has had procedures providing for the civil adjudication of minor traffic offenses. A.R.S. §28-1076 provides that the court may impose a civil sanction not exceeding $250 when a person has been found responsible for a civil traffic violation.

Justices of the peace are empowered by A.R.S. §22-112 to set bail for traffic offenses and under A.R.S. §§22-281 and -282, to collect fees for civil actions in their court. Fees for small claims filings in justice courts are set by A.R.S. §22-522. Constables are entitled to collect fees in civil actions for serving summonses, levying and returning writs of attachment, and other services as provided by A.R.S. §11-445. A.R.S. §13-807 provides that all such amounts collected be remitted to the county treasurer.

Municipal courts, pursuant to A.R.S. §22-424, may set bail for traffic offenses. Fines collected by municipal courts are remitted to the local municipality.

In addition to the courts' authority to collect the fines and fees noted above, the state legislature has mandated that surcharges be imposed for particular offenses. The funds generated by these surcharges are used to support special programs.

Pursuant to A.R.S. §41-2403, a 37% penalty is assessed "on every fine, penalty and forfeiture imposed and collected by the courts for criminal and civil traffic offenses." This penalty assessment is collected by the state and distributed pursuant to statute to the Peace Officers' Training Fund, Prosecuting Attorney's Advisory Council, Department of Health Services, Department of Public Safety, Department of Law, Department of Corrections, Arizona Criminal Justice Commission, and the Supreme Court. The portion received by the Supreme Court is to be used for reducing juvenile crime and for the appointment of judges pro tempore in the superior courts.

Chapter 249 of the laws of 1983 created the Emergency Medical Services Operating Fund and adds A.R.S. §36-2219 which requires a $30 penalty assessment on every fine, penalty, and forfeiture for a violation of A.R.S. §28-692 (D.W.I.) and a $5 penalty for violations of Title 28, Chapter 6, Articles 2 through 15, except §28-692.

By statute, all surcharges are to be remitted to the respective county or city treasurer who in turn forwards the funds to the state treasurer.
